Our Partner

BUMIL Industrial Company, Launching HAUSCOOK

Since its foundation in 1980, Bumil Industrial Co., Ltd has been manufacturing Heating Plate for electric pressurized rice cooker, electric frying pan, and medical devices, as well as IH WorkCoil for IH range(Induction Heating Range) and rice cooker.

With 42 years of experiences, Bumil Industrial Co., Ltd., has been established since 1980 as a global exporting company and steadily dealing with companies such as LG Electronics, Japan's Tiger Company, Cuckoo Electronics, Cuchen, and Rinnai Korea. As a promising mid-sized company, it introduced its own brand HAUSCOOK which is well-received in the world market.

Induction Heating :With optimum efficiency

Utilize IH coils manufactured based on heating technology with accumulated 42 years of experienced technique. You can quickly cook various instant dishes such as ramen and udon.

Hot water can be replenished during cooking

Continuous cooking is possible by replenishing hot water during cooking. Other companies cannot cook continuously because hot water is not guaranteed.

Free to using Stainless Steel Container

You can use any type of stainless steel container.

We don't stop Research & Development

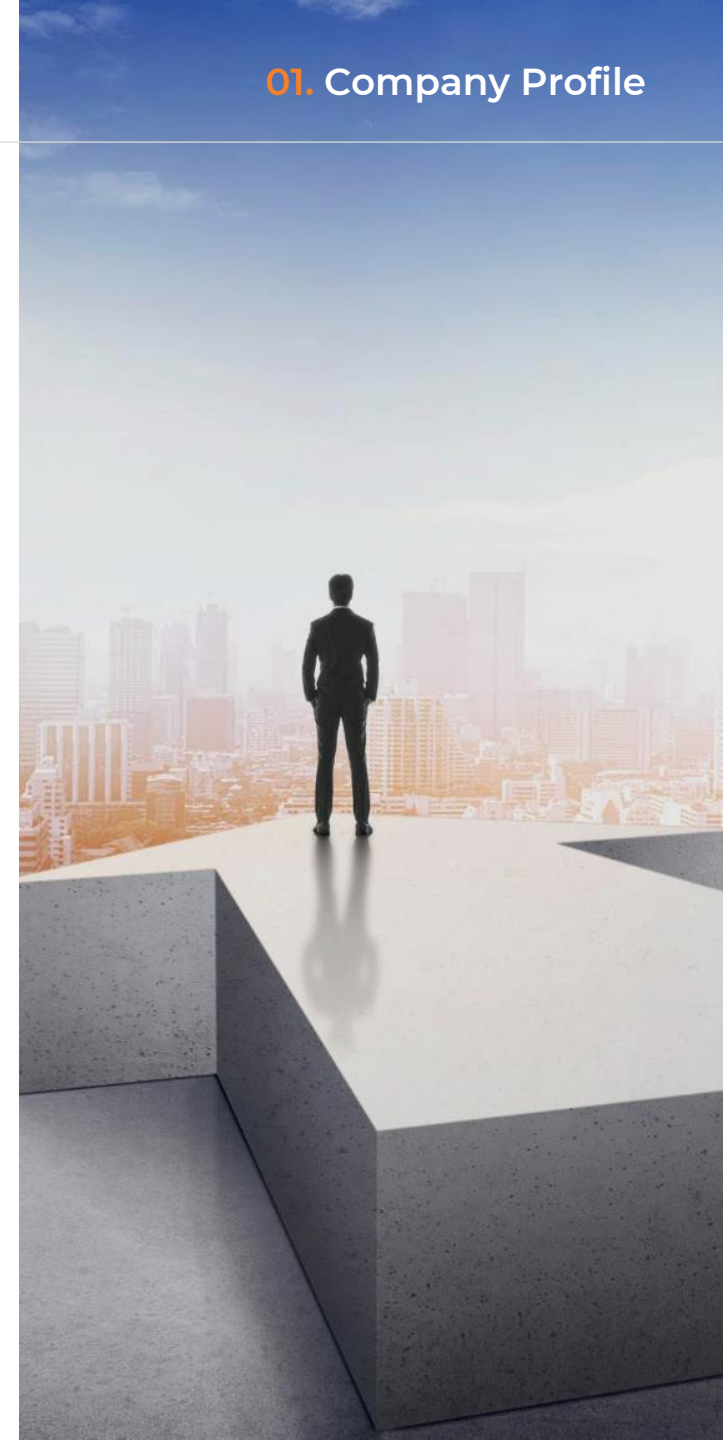

- 2015.06 Complete development of IH Work Coil for CUCHEN Free-zone Induction Range
- 2015.02 Patent registration of terminal Fusing device (10-1491773)
- 2014.12 Patent Application for Induction Heating Coil Compression Magnet Wiring Device
- 2014.09 Complete the development of IH Work Coil for LG Electronic instantaneous water heaters.
- 2013.10 Patent registration of Induction Heating Plate and its manufacturing method
- 2013.09 Complete development of 1.8KW IH Work Coil for CUCHEN Induction Range
- 2013.07 Registration of magnetic field generator design for induction range
- 2013.05 IH Work Coil for IH rice cooker for 6/10 people in Japan Tiger Magic Bottle Co., Ltd. has been developed.
- 2012.10 Complete LG Electronics Induction HOB 2KW, 3KW, 4KW IH Work Coil Development
- 2010.10 Complete the development of IH Work Coil for 6 people and 10 people for CUCHEN IH rice cooker.

Equipped with water filter

All-In-One Multi-Food Cooker

IH HAUSCOOK Cooker, officially named Induction Heating Water-purifier Cooker, is the world's first multifunctional product.

It is the All-In-One Cooking appliance that combines a water purifier and an induction stove into one composition.

Using a four-stage filter system, clean water is supplied by removing harmful substances such as viruses, bacteria, and heavy metals.

What is IH HAUSCOOK Cooker?

Self-Produced High
Efficiency Induction Technology

- Quick cooking as it takes **40 seconds** to reach 100 degrees Celsius.
- Developed in-house induction, heat efficiency is good, and heat is strong, so you can **always enjoy a consistent taste**.
- Purified water is boiled at 87 degrees, so you **can quickly cook hot foods** such as soup and hotpot.
- Using induction and water purifiers, you can cook a **variety of dishes** from Western to Korean, such as steamed rice, tempura, and pancakes.

Target the Korean Wave (Hallyu)

Compact size

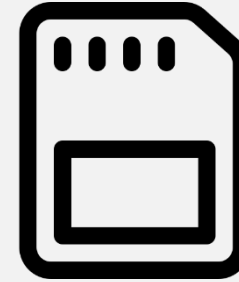

It has a compact size and can be **used anywhere**, making it easy to access.

Higher safety by safe lock feature

Safe lock prevents children from using hot water.

If there is **no container** for induction, it will **not work** even if you press the button.

3 Memory function

You can **set and save** the cooking time and water output

according to the user's convenience on the three buttons.

Hot from start

Cooking with **80 °C~ 85°C** hot water,

it shortens cooking time and improve food taste.
